

## **PB-425CT – Ice & Water Dispenser – Countertop**

PB-425CT Ice & Water Countertop Dispenser produces up to 425 pounds of daily production with a 90-pound storage bin. The “Chewblet” Ice is soft, chewable compressed ice that is ideal for country clubs with an over 55 membership.

It uses a long-life proprietary horizontal auger production system that continuously produces ice. The ice production of this unit will provide 650 servings per 10-hour day.

The PB-425CT comes with a three-year parts and labor warranty and 5 years on compressor parts.
